

# Safe Haven Eco Tours — Safety Folder Forms & Assessment Sheets

## A. Compliance & Administration Forms

### 1. Safety Folder Cover Sheet

- Business name
- Location: Savannes Bay, Saint Lucia
- Type of operation: guided eco-kayak tours
- Emergency contacts
- Operations Lead
- Date last updated

### 2. Regulatory Compliance Checklist

- SLASPA approval
- Tourism registration / guide certification where applicable
- Insurance confirmation
- Business registration
- Staff certificates
- Emergency numbers
- Permit correspondence

### 3. Insurance & Legal Documents Register

- Public liability policy
- Staff coverage
- Equipment coverage
- Expiry dates
- Renewal reminders

### 4. Guide Certification Register

- Guide name
- First Aid / CPR certificate
- Swimming ability confirmation
- Rescue training completed
- Shadow tours completed
- Date approved to lead tours

### 5. Kayak / Equipment Inventory Sheet

- Kayak number
- Type: tandem/single/guide kayak
- Condition
- PFDs by size
- Paddles
- Radios

- Dry bags
- Rescue gear
- First aid kits

## **B. Guest Intake & Screening Forms**

### **6. Guest Booking & Safety Form**

- Full name
- Phone / WhatsApp
- Email
- Number of participants
- Preferred date/time
- Resort or referral source

Your document already treats this as both a booking and safety system.

### **7. Participant Safety Screening Assessment**

- Weight range
- Swimming ability
- Confidence on water
- Previous kayaking experience
- Mobility concerns
- Anxiety/panic risk
- Fitness concerns

### **8. Medical Disclosure Form**

- Asthma
- Heart condition
- Pregnancy
- Recent injury
- Allergies
- Medication
- Diabetes
- Epilepsy/seizures
- Any condition affecting paddling, balance, or calmness on water

### **9. Emergency Contact Form**

- Contact name
- Contact number
- Relationship
- Hotel/resort staying at
- Room number, if guest agrees to provide it

### **10. Liability Waiver & Assumption of Risk Form**

- Kayaking involves inherent risk

- Guest agrees to follow guide instructions
  - Guest confirms information is accurate
  - Guest accepts that failure to follow safety rules increases risk
- Your uploaded form already includes a liability acknowledgment requiring the guest to confirm voluntary participation and agreement to follow safety instructions.

#### 11. **Minor / Child Participation Consent Form**

- Parent/guardian consent
- Child age
- Swimming ability
- Parent/guardian signature
- Extra guide supervision required

#### 12. **Guest Attendance / Tour Manifest**

- Tour date
- Guest names
- PFD assigned
- Kayak assigned
- Guide assigned
- Emergency contact confirmed
- Waiver completed

### **C. Daily Operation Assessment Sheets**

#### 13. **Daily Launch Command Sheet**

- Site ready
  - Waivers ready
  - Safety board visible
  - Kayaks checked
  - PFDs checked
  - Radios tested
  - First aid kit stocked
  - Rescue gear ready
  - Weather checked
  - Wind/tide assessed
  - Lead guide assigned
  - Support guide assigned
- This is already strongly reflected in your launch command sheet.

#### 14. **Weather & Water Condition Assessment Sheet**

- Date/time checked
- Wind strength
- Wind direction
- Rain forecast

- Lightning risk
- Visibility
- Tide level
- Water condition
- Heat conditions
- Decision: proceed / modify / delay / cancel

#### 15. **Go / No-Go Decision Form**

- Operations Lead decision
- Reason for decision
- Route approved
- Tour modified
- Tour cancelled
- Guests notified
- Refund/reschedule note

#### 16. **Pre-Tour Safety Briefing Checklist**

- PFD fitted
- Paddle basics explained
- Entry/exit explained
- Communication signals explained
- Capsize instructions given
- Route explained
- Environmental rules explained
- Guest questions answered

Your operations standard already includes PFD fitting, paddle basics, entry/exit, and communication signals in the safety orientation.

#### 17. **Guide Assignment Sheet**

- Lead Guide
- Support Guide
- Shore Watch
- Tour time
- Number of guests
- Special guest notes
- Emergency contact person onshore

#### 18. **PFD & Kayak Allocation Sheet**

- Guest name
- Weight range
- PFD size
- Kayak number
- Paddle issued

- Guide initials

## **D. Equipment Inspection & Maintenance Forms**

### **19. Kayak Pre-Use Inspection Checklist**

- Hull condition
- Seat condition
- Footrests
- Drain plugs
- Handles
- Stability
- Visible cracks
- Removed from service: yes/no

### **20. PFD Inspection Checklist**

- Correct size
- Buckles working
- Straps intact
- Foam condition
- Clean/dry
- Removed from service: yes/no

### **21. Paddle Inspection Checklist**

- Shaft condition
- Blade condition
- Grip condition
- Spare paddle available

### **22. Radio / Communication Check Log**

- Radio charged
- Phone charged
- Waterproof pouch
- Test call completed
- Emergency contacts available

### **23. First Aid Kit Checklist**

- Gloves
- Bandages
- Antiseptic wipes
- Gauze
- Tape
- Scissors
- Burn/cut supplies
- Emergency blanket

- Refill needed

#### 24. **Rescue Gear Checklist**

- Tow rope
- Throw rope
- Whistle
- Knife/line cutter for guide
- Dry bag
- Flashlight/torch
- Drinking water

#### 25. **Equipment Defect & Repair Log**

- Item
- Defect found
- Date removed from use
- Repair action
- Date returned to service
- Approved by

#### 26. **Post-Tour Equipment Reset Sheet**

- Kayaks rinsed
- PFDs dried
- Radios returned to charge
- Paddles stored
- Any damage logged

Your current post-tour reset already requires rinsing equipment, inspecting kayaks, drying/resetting PFDs, charging radios, and logging issues.

### **E. Route & Environmental Risk Assessment Sheets**

#### 27. **Tour Route Risk Assessment**

- Launch point
- Mangrove corridor
- Sea moss observation area
- Open bay section
- Scorpion Islet landing
- Return route
- Shallow zones
- Deeper water zones
- Emergency exit points

#### 28. **Scorpion Islet Landing Assessment**

- Landing condition
- Water depth

- Slippery rocks/roots
- Guest movement controlled
- No wandering
- Wildlife/vegetation protected
- Landing safe: yes/no

Your guide language already states that guests must stay close and avoid disturbing vegetation or wildlife during the island landing.

#### 29. **Mangrove Protection Assessment**

- Buffer maintained
- No touching roots
- No entry into sensitive areas
- No litter
- No wildlife disturbance
- Guide observed guest conduct

#### 30. **Sea Moss Farm Non-Intrusion Checklist**

- Farm area identified
- Safe distance maintained
- No paddling through lines
- No touching equipment
- Guests briefed

#### 31. **Wildlife / Environmental Disturbance Report**

- Bird disturbance
- Fish/marine life disturbance
- Mangrove contact
- Litter observed
- Guest violation
- Corrective action taken

### **F. Emergency & Incident Forms**

#### 32. **Incident Report Form**

- Date
- Tour
- Guest involved
- What happened
- Action taken
- Outcome

This matches the incident report standard already set out in your launch document.

#### 33. **Level 1 Minor Incident Log**

- Guest discomfort
- Late arrival

- Minor equipment issue
- Mild weather change
- Logged after tour

**34. Level 2 Operational Disruption Report**

- Minor injury
- Guest panic
- Equipment failure affecting tour
- Weather shift
- Lost item
- Operations Lead notified

**35. Level 3 Emergency Incident Report**

- Capsize requiring assistance
- Medical distress
- Severe weather
- Missing guest
- Major equipment failure
- Emergency services contacted

**36. Medical Incident Report**

- Symptoms
- First aid provided
- Time incident occurred
- Time moved to shore
- Emergency services called
- Guest released / transported
- Follow-up required

**37. Capsize / Rescue Report**

- Guest name
- Kayak number
- Cause
- Guide response
- Tow used
- Guest condition
- Tour continued or returned

**38. Missing Guest / Overdue Tour Form**

- Last seen location
- Time noticed
- Guide action
- Operations Lead notified
- Emergency services notified

- Outcome

#### 39. **Guest Behavior / Refusal to Follow Instructions Report**

- Behavior observed
- Warning given
- Tour modified or ended
- Witnesses
- Outcome

Your risk plan already provides for guest panic, refusal, failure to follow instructions, reassurance, adjustment of the experience, and return if needed.

#### 40. **Near-Miss Report**

- What almost happened
- Cause
- Risk level
- Corrective action
- Training update required

#### 41. **Post-Incident Review & Corrective Action Form**

- Root cause
- What worked
- What failed
- Equipment changes
- Training changes
- Policy changes
- Person responsible
- Completion date

### **G. Training & Staff Assessment Sheets**

#### 42. **Guide Induction Checklist**

- Brand philosophy
- Protected area posture
- Guest journey
- Professional conduct
- Safety rules
- Emergency protocols

#### 43. **Guide Competency Assessment**

- Swimming ability
- PFD fitting
- Paddle instruction
- Calm guest handling
- Radio use

- Tow rescue
- Capsize response
- Scorpion Islet landing control

#### 44. **Safety Drill Record**

- Capsize drill
- Rescue drill
- Tow drill
- Emergency return drill
- Radio drill
- First aid scenario

#### 45. **Shadow Tour Completion Log**

- Guide name
- Tour date
- Lead guide observed
- Skills demonstrated
- Approved / not approved

Your training model already requires safety foundation training, capsize drills, rescue drills, tow techniques, radio communication, emergency return protocols, and five shadow tours before leading independently.

#### 46. **Monthly Safety Meeting Record**

- Incidents reviewed
- Equipment issues reviewed
- Guest feedback reviewed
- Route issues
- Staff concerns
- Corrective actions

## **H. End-of-Day & Management Logs**

#### 47. **End-of-Day Tour Log**

- Total tours completed
- Total guests served
- Incidents reported
- Equipment issues
- Partner referrals
- Weather notes

Your launch command sheet already includes this type of end-of-day log.

#### 48. **Daily Operations Log**

- Tours completed
- Guests served
- Revenue

- Partner source
  - Incidents
  - Equipment issues
- This is also reflected in your daily log standard.

49. **Weekly Safety Summary Sheet**

- Number of tours
- Number of guests
- Number of incidents
- Equipment defects
- Weather cancellations
- Training needs
- Management notes

50. **Safety Folder Document Control Sheet**

- Form name
- Version number
- Date created
- Date revised
- Approved by
- Next review date
