

BUYER TIER 2 — CONFIDENTIAL

HOA & Rental Pool Summary

The SHER Homeowners Association (HOA) governs the shared estate. An optional HOA Rental Pool programme allows participating owners to generate rental income when not in residence.

Homeowners Association

HOA STRUCTURE

The SHER HOA is a formal legal entity established under Saint Lucia law. All for-sale residence owners are mandatory members. HOA governance documents — the HOA Deed, Management Rules, and Schedule of Fees — will be provided to each buyer on reservation.

HOA Deed to be executed and registered prior to first unit completion.

ANNUAL HOA FEE BASIS

The annual HOA fee is assessed per residential unit. The exact fee is to be confirmed in the HOA Deed and annual budget, which will be approved by the HOA board each year.

Indicative fee basis: *To be confirmed in HOA Deed*

Fees will be invoiced annually in advance in USD.

What the HOA Fee Covers

Service	Detail
Estate landscaping & grounds	Ongoing maintenance of all shared gardens, nature trails, arrival path, and common planting
Conservation maintenance	Upkeep of the conservation covenant area, wetland buffer, and SHER's obligations to the RAMSAR protected zone
Shared infrastructure	Estate roads, pathways, lighting, water infrastructure, solar and drainage systems serving all units
Security	Estate entry management, perimeter monitoring, and site safety during non-occupancy periods
Common area upkeep	Shared pavilions, reception areas, arrival zone, kayak operations base, and common guest amenities
Insurance (shared structures)	Common area building and liability insurance — each owner carries their own unit insurance separately
HOA administration	Annual accounts, HOA secretarial, legal and management costs

Cottage Type B note: The four retained Cottage Type B units (C-07 to C-10) are managed directly by SHER as part of the hospitality operation and are not subject to the HOA Rental Pool programme. Their

maintenance costs are covered by SHER and are separate from the for-sale HOA budget.

SHER Rental Pool Programme

The SHER Rental Pool is an opt-in programme available to owners of for-sale Cottage Type A, Villa Type A, and Condo Type A residences. Participation is voluntary and may be revised at annual intervals subject to the Rental Pool terms.

OPT-IN STRUCTURE

- Owners elect to participate at reservation or any subsequent annual renewal date
- Minimum rental pool commitment: *To be confirmed in HOA Deed*
- SHER manages all bookings, guest relations, housekeeping and maintenance for pool units
- Owners receive a quarterly rental income statement and payment

REVENUE SPLIT

Owner share: *To be confirmed in HOA Deed*

SHER management share: *To be confirmed in HOA Deed*

The revenue split reflects SHER's full management responsibility including booking, housekeeping, maintenance scheduling, and guest management. Indicative splits will be discussed personally with each buyer.

Rental Management Responsibilities

Responsibility	Carried by
Guest bookings and enquiry management	SHER Sanctuary Experiences
Guest welcome, check-in and experience	SHER Sanctuary Experiences
Housekeeping between stays	SHER Sanctuary Experiences
Routine maintenance (fixtures, HVAC, minor repairs)	SHER Sanctuary Experiences — charged at cost to owner
Major structural or system repair	Owner (with HOA contractor procurement support)
Unit insurance	Owner — minimum cover to be specified in HOA Deed
Saint Lucia accommodation tax / VAT compliance	SHER Sanctuary Experiences on behalf of pool owners

Owner Usage Rights & Blackout Periods

OWNER USAGE

Rental pool participants retain the right to use their unit for personal stays. All personal use periods must be booked through SHER's internal system. A minimum advance notice period applies.

Maximum personal use: *To be confirmed in Rental Pool Agreement — indicatively up to 90 days per year for pool participants.*

BLACKOUT PERIODS

Owners may designate specific periods during which their unit is not available for guest rental. Any blackout period reduces projected rental income accordingly.

SHER may designate a small number of estate-wide blackout dates for conservation or maintenance activities — these will be notified to all owners at least 60 days in advance.

Income projection note: SHER does not guarantee rental income or occupancy rates. Projected yields will be discussed personally during the buyer discovery follow-up. Performance will depend on seasonal demand, unit configuration, and the overall estate programme at the time of operation. **No income projection in this document or any buyer conversation constitutes a guaranteed return.**
